The NYHA is being received as a *huge success* in the promotion and preservation of hunting, shooting sports and conservation through our youth programs and educational events! Our youth organization holds the potential to become *the fastest growing youth organization in the United States* within a few short years. To support this amazing growth, we are currently seeking NYHA Regional Directors who have a passion for youth and the Great Outdoors and, who want to **give back** to support the future of our sports through our youth organization.

One of our primary goals for 2010 is to create more hunting, shooting and conservation opportunities for our youth across the US. To accomplish this we are seeking NYHA Regional Directors to volunteer in assisting us with growing and coordinating youth programs within your state/region. - Promote donations, fundraising and sponsorship from businesses, organizations and individuals
- Promote awareness of the NYHA , our programs, benefits and success
- Provide media coverage (Video youth hunting/shooting activities, write articles about youth NYHA youth activities for local or national publications, etc)

Our Regional Directors may also play a key role in the opening and development of formal NYHA Youth Chapters in your state/region to further the impact on local youth. If you or someone you know would be interested in assisting us in **benefitting youth within your state or region**, please contact us today! Your assistance will have a positive impact on the lives of thousands of youth and, in promoting and preserving the future of our hunting, shooting sports and conservation in America!
